
Tolle Lege trim jig · print at 100% on cardstock · if the scales are off, print again with scaling turned off.
Tape a steel ruler (or glue a cardstock strip) with its edge exactly on the fence you need. Do each cut for the whole batch before moving the fence.

square line: keep the book's edge on it

2. HEAD: fence at 5.25 in — Foot against the fence. Cut about 1/4 in off the head.

3. FOOT: fence at 5 in — Freshly cut head against the fence. Cut the foot. Done: 3.5 × 5 in.

1. FORE-EDGE: fence at 3.5 in — Spine against the fence. Cut the open side.

BLADE LINE. Step 1: lay this sheet on the trimmer and cut ALONG THIS LINE with the trimmer. Step 2: without moving it, tape the sheet down. Throw away the strip below.
